

SPEAKER STAGE INTRO

OPTION 1 – CLASSIC

Our next speaker spent nearly two decades training some of Australia's finest performers as Associate Professor of Performance at WAAPA. Today, he takes the tools of the rehearsal room — trust, connection and authentic communication — and brings them to leaders and teams across the country. Blending storytelling, humour and practical tools, he's here to show us what great ensembles can teach us about great teamwork. Please welcome Dr Andrew Lewis.

OPTION 2 – SHORTER

For almost twenty years, our next speaker trained actors at WAAPA, one of Australia's leading performing arts academies. Now he helps teams and leaders do what great ensembles do — trust each other, connect deeply and perform at their best. Please give a warm welcome to Dr Andrew Lewis.

OPTION 3 –ENERGETIC

What can the world's great ensembles teach us about teamwork? Our next speaker has spent his career finding out — as an actor, director and Associate Professor of Performance at WAAPA. He's funny, he's interactive, and he might just change the way you think about how teams work. Please welcome Dr Andrew Lewis.
